

SEQTA Tutor

SEQTA Tutor is an optional module that integrates with SEQTA Teach to effectively track students' attendance at peripatetic classes, including music lessons, sporting sessions and other extracurricular activities.

How does SEQTA Tutor support your school?

Modify timetables

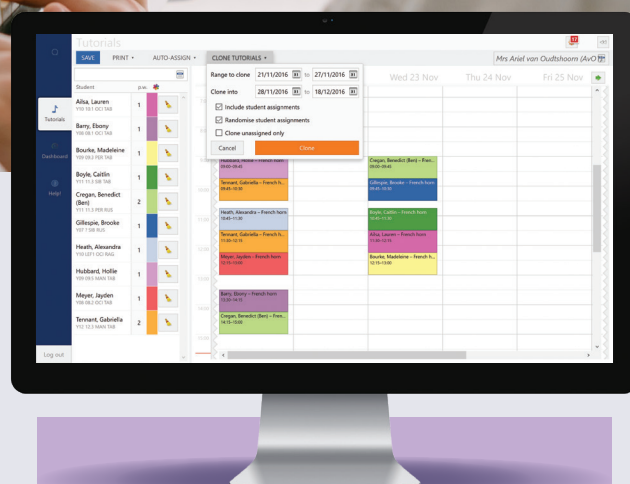

SEQTA Tutor enables Tutors to set and manage tutorials for students. Tutors can access student timetables and change tutorials as required, helping craft an accurate representation of a student's school life.

Access to critical information

SEQTA Tutor provides tutors with access to key student information, including contact, medical and emergency information, and student timetables. This information may prove important in emergency situations.

Full visibility for families

Information from SEQTA Tutor feeds back into the SEQTA Suite and displays in relevant screens within both SEQTA Teach and SEQTA Learn.

Many schools are using SEQTA Tutor for classes such as:

- ✓ Music lessons
- ✓ Sporting sessions
- ✓ Chess or games clubs
- ✓ Choir practice
- ✓ After school care
- ✓ Audio Visual clubs

SEQTA Tutor is available at an additional monthly fee which is based on your school's student numbers. Contact us for more information about SEQTA Tutor or to arrange a quote for your school.
